

TACTICAL EMERGENCY MEDICAL SUPPORT (TEMS)

JULY 13-17, 2015

TRI-MED TACTICAL, LLC
OHIO FIRE ACADEMY - REYNOLDSBURG, OH

The cost of the course is \$950. This fee covers the student's registration fees, onsite lodging (mandatory), breakfast, lunch, dinner, and course materials. At the conclusion of the course, the student will be awarded 86.5 hours of CEU from OSU Center of EMS and the NREMT (67.5 hours via VAOEMS). Additionally, the student will have exceeded the requirements set forth by NTOA to be certified as a tactical medic. To gain more information or to register, please visit www.TriMedTactical.com

Tri-Med Tactical, LLC (TMT) takes great pride in producing the most scientifically, statistically, clinically, and tactically sound medicine available today. This course exceeds the National TEMS Initiative curriculum and is Recognized Educational Content by the Committee for Tactical Emergency Casualty Care. TMT uses concepts from Tactical Emergency Casualty Care (TECC) and Tactical Combat Casualty Care (TCCC) in conjunction with over 200 years of combined professional experience, to make sure that the student gets the most realistic and up-to-date training available.

TMT's TEMS course is over 60 hours of intense didactic and scenario based training in austere environments. At the conclusion of the course, the student will have a firm understanding of their role in the tactical environment and how to mitigate the most dynamic situations that tactical units face today.
